### Critique Me

Assalaamu Alaikum wa Rahmatullahi wa Barakhatahu

Alhamdulillah, once you have prepared the food and completed your dish for presentation, it will need evaluation from one of your family members. OK Ukhti ... Let's see how you've done.

**\*Parent or Family member:** We need you to be absolutely honest, yet don't be brutal. We want for the student to improve, not to walk away from the experience all together. Also, if you mask the mistakes, we can not prepare them for success in the kitchen inshaAllah. Remember, the best of the Muslims is "one who avoids harming the Muslims with his tongue and his hands." Sahih Bukhari Vol. 1 Ch.5, No. 10

After you are done, submit your critique form by email to us at [thmsadaqagroup@gmail.com](mailto:thmsadaqagroup@gmail.com) . You will receive a response within 72 hours or before the next class inshaAllah. Check the chalksite.
