## Practice Writing 2 of the Names

## Allah's Names and their meanings

Students will be tested for the previous list every Monday morning for class inshaAllah. If they pass the test they will be given the next list of words to study. If they do not pass the test, they can remain on the current list of words until completed inshaAllah.

Example: To receive words 3 & 4 your child must be able to read both the names and meanings for 1 and 2 inshaAllah. Each child can move at their own pace, alhamdulillah. And it is not required that they finish the entire names list. It will depend upon the child.
