

Going to the Doctor's Office...

As a little boy or girl you may find it creepy to go to the doctor's office at first. They may check your teeth making sure that you are not eating too many sweets like Ice cream and candy.

They check your eyes and ears and even sometimes your arms, legs, and feet. The best thing of all when visiting your doctor's office you may get to play with the stethoscope (to listen to your heart beat). You may even get to hear how your lungs sound too inshaAllah or read books and play with toys you don't have at home.

Once you leave the doctor's office, sometimes you may get a treat from Ummi and Abi for being such a good little boy or girl. For not being mean, for not screaming out loud E-e-e-e-k! or for not yelling it's mine!

You might try walking through the park too, on the way home, where you can see nice pretty big trees, green grass, and maybe see some weeds to pick, smile.

After all that excitement with the nurses, doctors and other children it builds up an appetite to eat. Ummi may feed you some McDonalds as a special treat.

So remember to always be a good little boy or girl when you visit the doctor's office so you can have a very special day inshaAllah.

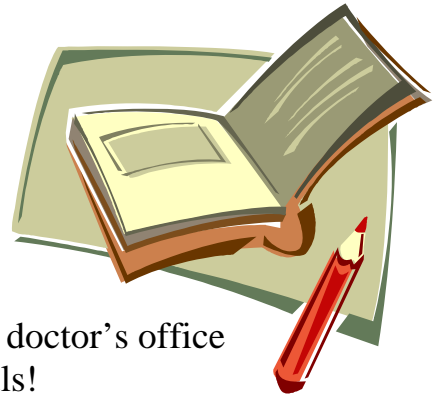

The prophet (salla allahu alayhi wa sallam) said:

"Every illness has a cure, and when the proper cure is applied to the disease, it ends it, Allah willing."

End Lesson 2: Long E

Activity: Create Your Own Book!

- ∂ Use construction paper and collage materials
To create your own book about your visit to the
Doctor's office
- ∂ Pencil, markers, or crayons

Write and Draw a picture about your last visit to the doctor's office inshaAllah. Remember don't draw pictures with souls!
