

Assalaamu Alaikum wa Rahmatullahi wa Barakataahu

No Recording Allowed 1

As parents and adults we know that the:

Alhamdulillah we at THM Sadaqa Group, Inc © can help you feel a little more secure using the Hot Conference Software which allows protected classrooms using passwords.

Each enrolled participant of THM is given a **security document** which contains their classroom password to sign into the classroom with. The letter is usually sent out once every semester unless there is a breach with the password.

Passwords are randomly picked and they can be a combination of letters, numbers, or symbols. This feature of adding symbols provides an additional security link.

Ex: **A3SJP\*92\_**

(A challenge for the curious mind seeker)

All classrooms have their own individual passwords; if you are enrolled in either of these classes and for some reason your access has been denied you must contact the admin or the instructor for solutions by sending an IM to Salafi\_Academy or email your instructor inshaAllah. **No men are allowed** within listening distance of any classroom that has female students or Instructors only. We ask that you please use your microphone and headset at those times. Any violation of this rule will of course cause your removal from the program. For additional information about our policies and procedures please visit <http://www.thmsadaqagroup.org/policiesrulesregs.htm>

No Men within Listening Distance 2
